

**Report on Lab Safety Orientation Program for 1st Semester FYUGP
Organized by the Department of Botany and Biotechnology held on
28-08-2023 at 2PM.**

The Lab Safety Orientation Program is presided over by Dr. P.S. Das, HOD of the Department. The inaugural address was delivered by Dr. R. Chakrabarty, Principal of the College. He stressed upon the students to follow the specific and strict guidelines for safety purposes and advised students to wear aprons, hand gloves, and other safety gears while performing experiments with chemicals and other lab-based works.

Dr. Sujit Tiwari, Co-Ordinator, IQAC, while welcoming all the students to this vital program and he stressed upon the relevance of the lab safety orientation particularly for beginners. He thanked HOD and departmental colleagues for organizing this valuable program for safety and security of students in labs.

Dr. P.K. Nath, former HOD, addressed the students on various aspects on lab safety. He also advised students to be disciplined, cautious and highly attentive while performing any experiments in the lab.

Dr. Subrata Das, convener of the program, highlighted the relevance of organizing such orientation program and delivered at length on various aspect of safety measures in the lab and asked students to follow all such instructions strictly. Departmental colleagues, Mr. Pinak Dey; Miss Susmita Dey and others spoke on various safety measures in the labs and duties of students in maintaining cleanliness and other aspects of the lab.

After all these deliberations and discussions, students were guided by departmental teacher to visit all the laboratories of the department and to get an exposure on various sophisticated instruments, equipment and glass wares housed in the departmental labs.

The day long orientation program is ended with vote of thanks offered by HOD of the department. Students were asked to submit feedback report to the department on the orientation program. The meeting ended with vote of thanks from all concerned.
